

606

OMEGA 606 Multi-Grade Hydraulic Oil

Multi-Grade Hydraulic Oil

- *Superior multi-grade lubrication for today's hydraulic systems.*
- *Formulated for exceptional long life – lasts up to 10 years!*
- *High shear stable and high viscosity index ensures all-temperature performance.*

TRUST *Save Money*
OMEGA *Enhance Performance*
TO *Extend Service Life*

SPECIAL FEATURES

Omega 606 Multi-Grade Hydraulic Oil is the super mineral-based lubricant that's quality formulated to withstand even the toughest conditions for extended periods.

- **Omega 606** provides superior multi-grade lubrication for modern hydraulic systems.
- **Omega 606** is quality formulated for exceptional long life – lasts up to 10 years!
- **Omega 606** has a high shear stable, high viscosity index properties that effectively handle both high and low temperatures to ensure reliable, consistent performance.

OUTSTANDING PROPERTIES

Omega 606 is the superior multi-grade hydraulic oil that:

- Contains built-in air and water-release agents to eliminate foaming and water emulsions.
- Contains excellent oxidation inhibitors – protects against rust and corrosion while fighting sludge, varnish and gum build-up.
- Neutralizes any acid formation.
- Contains Omega's unique "Megalite" supplement to coat and protect metal surfaces – reduces metal-to-metal contact for extended service life.

USE FOR

Omega 606 has been developed to withstand the rigors of modern high-performance hydraulic systems. Today's hydraulic pumps are of a closer tolerance design. **Omega 606** has anti-wear additives to protect these expensive parts and reduce maintenance and downtime.

Omega 606 does not thin excessively in service and resists mixing with water – quickly separating into an oil phase that provides superior lubrication in the presence of water.

Use **Omega 606** for today's high-performance hydraulic systems.
