# SPECIAL FEATURES

**Omega 631 Superior Quality Engine Oil** is the "One-Of-A-Kind" engine lubricant that combines highly refined base oil with a sophisticated additives package for phenomenal results.

- **Omega 631** is made from prime Pennsylvania paraffinic neutral oils for unmatched purity and superior performance.
- **Omega 631** features built-in versatility – use in virtually any and all engines from modest runabouts to high-performance "muscle" cars.
- **Omega 631** is quality formulated for unmatched lubricity – protects vital engine parts better and longer.

# OUTSTANDING PROPERTIES

**Omega 631** is the superior quality engine oil that:

- Contains Omega's unique "Megalite" supplements that coat and protect surfaces to minimize metal-to-metal contact.
- Contains super additives for excellent resistance to oxidation and corrosion – resists cancerous rust.
- Has detergent and dispersant additives that keep rocker covers, valve lifters, oil screen, piston rings and lubricated surfaces free from harmful sludge.
- Has a high viscosity index to provide superior protection to engines regardless of temperature and climatic fluctuations.

# USE FOR

**Omega 631** is neutral engine oil designed to provide high-purity results, considerably longer oil change periods, improved resistance to oxidation and corrosion, and a standard of lubricity unmatched by ordinary engine oils.

Use **Omega 631** for all automotive, high-speed, agricultural and marine engines.

**Omega 631** is also suitable for gasoline (petrol) and light-duty, naturally aspirated diesel engines. **Omega 631** can also be used in rotary engines.
